Visiting Reciprocity

We are pleased to offer dining, bar, and docking for visiting members of reciprocal yacht clubs, as space is available. We welcome visiting yachtsmen and encourage small and even larger groups such as cruise ins to enjoy the Aeolian flavor!

If arriving by boat, it is important to make advance arrangements with the club. With prior notice, we are happy to host visiting yachtsmen on a space available basis. Visiting yachts must fly their home club burgee and check in with the office. If you are not a member of any yacht club, please contact the office about scheduling a site visit, or possibly membership in Aeolian Yacht Club, if that is your cup of tea.

Aeolian Yacht Club has reciprocal privilege agreements with a large number of yacht clubs throughout the greater San Francisco Bay area, United States, Canada, Mexico and several other foreign countries. Any yacht club member is extended key privileges of Aeolian Yacht

Club at any time for use of the club's available facilities and services, including short term berthing, meal and bar service, heads and showers, etc. Aeolian does not charge for overnight berthing and it seldom matters whether you come by boat or car. It is always prudent to call ahead to let us know of your plans so that we can accommodate them.

Special Invitation to Yacht Clubs

This is a special invitation to your yacht club to cruise in for a fun-weekend sometime during your "cruise out" season. Aeolian is located next to the Bay Farm Island Bridge at the southernmost part of the island city of Alameda. We take pride in honoring the tradition and heritage of our 1906 Club and wish to extend our hospitality to your members as well. We can easily accommodate 12-15 boats of average size through the use of our portable docks. Our private membership of capable volunteers cook great dinners upon request and our newly remodeled bar is available to serve you.

We hope you will put Aeolian Yacht Club on your "interested list" of places to visit this coming year. We would love to have you with us and to give you personally that Great Aeolian Welcome!
